A Privately Owned Membership Lake Located in Galway, New York

June 13, 2014

Dear Member,

Welcome to the 2014 summer season at beautiful Galway Lake. The 2013-2014 drawdown was successful and refill was completed May 2, 2014. Regaining a full lake in the spring is the principle responsibility of the lake level committee and I would like to thank Kurt Ladu, who volunteers his time and effort to monitor and control the level of Galway Lake. Due to Kurt's diligence we all will enjoy a full lake this summer. I would also like to remind you that if you leave a dock or boat on the lakebed you do so knowing it may be damaged or destroyed during the annual refill process.

## **Lake Preservation**

Protecting our lake is at the forefront of the GLCA's Lake Preservation Committee efforts. Bruce Kniskern and his committee dedicate a great deal of time throughout the year to ensure the health of Galway Lake. For further information on the work that is in process and suggestions on how you can help in protecting the quality of Galway Lake please be sure to read the Lake Preservation Committee Report for 2013 provided by the Committee as an enclosure to this letter, on the GLCA website and attend the Annual Meeting of the Association on July 12, 2014.

## **Nutrients**

We dedicate a great deal of time and focus towards controlling weeds within the lake. This control is only part of the solution, reducing the total amount of nutrients allowed to enter and remain in Galway Lake is **critical** to our lake's future. Each of us can positively impact the health of the lake by **maintaining an effective septic system**, eliminating the use of fertilizer on our property, not disposing of leaves and yard waste into the lake and by discouraging waterfowl from making Galway Lake their home.

## **Reminders**

While you and your family enjoy the lake this season please remember to abide by all laws when operating a boat on the lake. Please remember that a life preserver must be in the boat for each person on board. For your own safety a life preserver should be worn at all times you are in a boat. Boats with electric motors must be licensed with the State of New York. Identify your boat(s) and raft with your camp number in the event that they are found adrift they will be easily identified as belonging to you. Please use a "catch and release" policy if you are fishing for sport on the lake.

We all value the peace and quiet of Galway Lake, so please be considerate of your neighbors while preserving this special place. The Association does not support the use of fireworks on or around the lake, as it is illegal "to possess, use, explode, or cause to explode fireworks in the State of New York," unless you have a license to do so -- New York State Penal Law, Section #270.

It is especially important that you have your home identified with numbers and letters that are at least three (3) inches high and clearly visible so that emergency services can find your home in the event of an emergency. Any Grove where year-round residency exists has the responsibility for maintaining its roads to allow year-round access of emergency vehicles and personnel. The Galway Lake Fire Department needs a **minimum clearance of 14 feet** to navigate its equipment to your home. If your road is not maintained with the proper minimum clearance you are greatly increasing the likelihood of disaster.

In order to control our operating costs and provide regular communications the GLCA would like to know your interest in receiving email communications. Each mailing costs the GLCA approximately \$600, making it prohibitive to send regular communications. As email has almost zero cost to the Association, we will be able to communicate with you on a regular basis. If you are interested in regular emails please let us know by sending an email to [grundell@nycap.rr.com](mailto:grundell@nycap.rr.com). We will continue to send the annual letter via the U.S. Postal Service.

### **Youth and Novice Sailing Program - Starts July 12**

The Galway Lake Sailing Club is running a Youth and Novice Sailing Program during the 2014 summer season. This program was first started in 2011 and has become highly successful and enjoyed by many youth sailors around the lake. If you or any of your family members are interested in sailing on Galway Lake this is a wonderful opportunity to discover what it is all about. This year's program will also include a separate junior racing series that will be held in parallel to the sailing program.

The program will start Saturday, July 12<sup>th</sup> and will run each Saturday throughout the summer from 9:30 – 11:30 am. If you are interested please visit the GLSC website at [www.galwaysailing.org](http://www.galwaysailing.org) or contact Jesse Aronstein by phone at 845-462-6452 (home and camp) 518-265-2500 (cell) or email him at [protune@aol.com](mailto:protune@aol.com) to join the fun.

### **2014 – 2015 GLCA Budget**

This year the Board has approved a tentative assessment per camp of \$200. This assessment level is the same as last year's 2013-2014 and will provide for a prudent budget that includes funding for the capital reserve fund to meet future capital expenditures. Following is the tentative budget for 2014-2015. If this budget is approved at the Annual Lake Association Meeting that will be held at the Ruback's Grove Pavilion on Saturday July 12, 2014 at 7:00PM, the assessment per camp will be: \$200.
